

## TOWER REACHED GIRL, COULD SAY, AND RESIDE HERE

Will Visit Estates in France and Germany and Then Return to Virginia.

In the ward of the Virginia Hospital, to which he was transferred yesterday after being released from the City Jail, Theodore Von Thien, supposed to be heir to a title and many millions of dollars from his father's estates in France and Germany, was inclined to make light of his recent sojourn in prison on a charge of insanity, preferred by his former employer, Mr. P. P. Ryan, smilingly Von Thien said that he had been vindicated by the lunacy commission, and that he was "feeling fine" and just a little weak from his recent illness.

**Was Much Surprised.**  
Talking over matters with a Times-Dispatch reporter, Von Thien said: "Although members of the Ryan family have been as good as possible to me since they had me arrested, and seemed to look upon me as a member of the family up to a short time before, I am still at a loss to know why they had me put in jail. I might have been sure I was crazy. I might have been sent to this same hospital and held until the symptoms of lunacy developed. They were here to see me this afternoon, but seemed to be unable to give any definite reasons for having me charged with lunacy. This has surprised me as well as others who are acquainted with the case."

"However, I hold against them no ill will, and will return to their house for a short while before I leave for New York on Tuesday. My brother is now in New York waiting for me, and soon after my arrival here we will sail together for France."

"I have letters of credit to the amount of \$150,000 in the First National Bank of New York, and this money will be used to defray my expenses in the hospital here and my passage over to France. My brother was to come here to see me, but after the unfortunate occurrence which caused my incarceration, I decided that it was better for him not to come. Therefore, he will remain in New York, and that I would meet him there on Tuesday afternoon or night."

**No Desire to End Life.**  
Although Von Thien insists that he was treated "cheerily" while in the hospital, he does not blame the Ryans for their fears, frankly admitting that he probably acted somewhat like a "crazy person" on the evening of his arrest. He says that for some time he had been feeling very unwell, being exceedingly nervous. That morning he had occasion to go to the east end of the city. While near Chinnor Park, he thought he would like a glass of wine. According to him, he went to a nearby bar and drank two glasses of port, which he says made him feel very much unlike himself that he believed the wine must have been drugged. His recollection of what happened on the trip is rather hazy until a period shortly before he reached the City Jail.

"I am certain, though," he went on, "that I never had the faintest idea of attempting suicide, and I am equally certain that Mr. Ryan is mistaken when he says that I tried to commit the act of placing a pistol to my chest."

"I think they were frightened because I appeared a little 'dopy.' It's all over now, though, and being optimistic rather than pessimistic, I have been represented. I am inclined rather to laugh at the affair than really to regret it."

**Coming Back Here.**

Asked if he would make a future home in Germany or France, Von Thien stated that he will not. He declared that after settling his affairs on the other side, he would return to time in traveling around the continent, after which he will come back to the United States and to Virginia. On his return here, he says, he will be engaged. He declined to make her name public until after he has been easily sailing. He said that his strength and will no doubt be quite fit for his trip to New York on Tuesday morning.

**TOO MUCH PAREGORIC KILLED BABY; QUICK REPORT MADE**

Officers of the Holy Innocents' Asylum, an institution for first and second class, yesterday informed Coroner Taylor of the strange death of a two-month-old infant. The physician in attendance at the death, and who charged the mother of the child had unintentionally administered too much paregoric in order to induce sleep. She had intended to give her two doses, but taking the medicine from an old bottle and believing that it had lost its strength, she counted out four. The child went to sleep, never to wake again.

The officials of the institution were complimented for the haste with which they reported the sudden death.

**Suits Instituted.**  
Suits were instituted in the Law and Equity Court yesterday as follows:

The N. S. Shillingham Company against the J. R. Riddick Company for \$175.00, alleged to be due.  
W. T. J. Evans against the city of Richmond for damages to the amount of \$500.  
R. C. Scott against the city of Richmond for damages to the amount of \$100.  
Albert Bank against J. Smith & Company for damages amounting to \$2,000.

## HENRICO OFFICER IN TOLS OF LAW

"Cyclone" Samuel Must Appear in Richmond Court to Explain Murder of Dog.

When Constable "Cyclone" Samuel received a telephone message yesterday afternoon calling him to the First Police Station, in Richmond, he thought a prisoner was being held there for him, and was at first highly pleased. But when he was told that the message proved to be a harbinger of trouble, and now the redoubtable officer is enveloped in gloom.

When the communication reached Samuel he appeared to feel very good about it, but the astonishment of some of his friends who were with him at the time, his face was soon wearing an expression which indicated serious foreboding.

Finally he called several of his regular counselors into consultation, questioning them as to the advisability of going to the station. These friends at once advised him to go, encouraging him with his belief that there must be a prisoner in the hands of the police to be delivered to the county authorities.

**The Terrible News.**  
But Samuel was wary and suspicious. There was a long pause following this brief conference, the silence at last being broken by the constable's remark: "Gentlemen, I have killed a dog. It seemed to be mad, and I considered it a menace to the community. Therefore I shot it."

Immediately afterward the constable nervously seized the telephone receiver, rang up the First Police Station, and inquired if there was a prisoner for him. To his chagrin the answer came that there was no prisoner, but a warrant, and that if he did not return immediately to the station the patrol wagon would be sent after him.

Without further ado "Cyclone" appeared before the Richmond officers, and after a confession of his treatment of the aforesaid dog, and that he was upon seeing the foaming mouth he shot the vicious-looking beast and threw it into the dock at James River, just a little way south of the courthouse.

"Gentlemen," said the sergeant, "we want you on two different charges, first, for killing the dog, and second, for throwing the carcass in the dock."

The constable was bailed by Magistrate George W. Thomas for his appearance in Police Court to-morrow morning. There is much speculation among the friends of the constable as to what the result of the trial will be. It is understood that the Society for the Prevention of Cruelty to Animals will prosecute the case.

**NO TYPHOID FEVER AT RIO VISTA ANYWHERE NEAR HIS VISTA**

Constable C. O. Burch stated yesterday that the family of John D. Wade, who for some time have been in great distress, with four of the seven children ill with typhoid fever, have been the objects of much sympathy on the part of the people of the county, and that a great deal has been done toward relieving the desperate condition of the stricken home. Since going there several days ago on an errand, and discovering the suffering of the family, Mr. Burch has been very active in his efforts to afford relief, and has been very generously aided by several prominent residents of the county.

It was reported yesterday that the family live at Rio Vista. As a matter of fact, they live nearly six miles beyond Rio Vista, and there is no typhoid fever in or anywhere near the village.

**SON GETS OFF, BUT FATHER HAS TO PAY SMALL FINE**

Charles Houston, a fourteen-year-old boy, and his father, Philip Houston, were released yesterday morning in the Henrico Circuit Court on a charge of trespassing on railroad property in the county. The boy was dismissed, but his father was required to pay a fine of \$2. It was alleged that the older man had also abused officers who were endeavoring to remove an encroachment concerning a recent charge preferred against certain persons in the county for interfering with an excursion train.

**FOUR MORE TRAMPS IN HENRICO JAIL.**

Four tramps were looked up in the Henrico Jail yesterday morning. J. G. G. of Charleston, S. C., and Thomas B. G. of Newport News, both white men, were fined \$2.50 each and required to give security for sixty days. Two negroes, who were caught at the same time, received a like fine. All four went back to jail in default.

## LIGHTNING HITS MANY PLACES AND TORRENT CATCHES DISGUSTED FANS

WANTS DEBATES IN FIVE CITIES

Tucker Would Meet Meredith in Richmond, Norfolk, Lynchburg, Alexandria and Roanoke.

TEXT OF HIS CHALLENGE

Reply Being Awaited With Much Interest by Politicians of State.

As indicated in The Times-Dispatch of yesterday, Hon. H. St. George Tucker, a prominent candidate for Governor, has challenged Mr. Wyndham R. Meredith, of this city, who recently left the Democratic party, to a joint discussion of the reasons why the latter should or should not vote the Republican ticket in the presidential contest this fall. The formal invitation, which has been issued by Mr. Tucker, and which is now in the hands of Mr. Meredith, who is spending his vacation at one of the summer resorts, is an interesting paper, and will attract much attention throughout the State, not only on account of the prominence of the principals, but because it proposes debates in five of the leading cities of Virginia, namely, Richmond, Norfolk, Lynchburg, Alexandria and Roanoke. The letter of Mr. Tucker, which was conveyed through his friend and political supporter, Hon. J. W. Garland, of this city, concludes by requesting that if Mr. Meredith finds it impossible to fill all the appointments suggested, he will at least agree to one debate in Richmond at some convenient time within the next thirty days.

**Text of Challenge.**

The full text of the challenge follows:

Lexington, Va., August 10, 1908.

Hon. Wyndham R. Meredith, Attorney at Law, Richmond, Va.

My Dear Sir:—After leaving the Bar Association on Wednesday last, I saw from the public press that you had declared your intention of supporting the Republican ticket for President in the coming election. My long acquaintance with you and friendship for you makes it clear to me that your action must have been taken after due deliberation and upon reasons clearly satisfactory to yourself.

My own view is so strong that at this time every Democrat should stand in line for the party, that I am led to hope a discussion of this question before the people might serve to clarify the issue.

The high position you occupy as the late president of the Virginia Bar Association, as well as your own high personal character, necessarily give force to your views.

I write, therefore, to ask that you will meet me in a discussion of this question before the people during the coming canvass in the cities of Richmond, Norfolk, Lynchburg, Alexandria and Roanoke; and if for any reason you find it impossible to fill such appointments, I ask that you at least meet me before an audience of the city of Richmond, at such time as suits your convenience within the next thirty days. Awaiting your reply, etc., I am cordially yours,

(Signed) H. ST. GEORGE TUCKER.

Both Widely Known.

Mr. Tucker is a candidate for the Democratic nomination for the governorship next year, and is a supporter of Bryan and Kern. Mr. Meredith recently completed his term of service as president of the Virginia State Bar Association, and while at the annual meeting at Hot Springs some weeks ago declared his intention to vote for Judge Taft for President. The announcement was made first in an informal discussion between Messrs. Tucker and Meredith on the porch of the Homestead Hotel, while the association was in session, and it spread among the lawyers like wildfire. The comments were in the main of an adverse nature, but Mr. Meredith stood his ground, and later reiterated his position in no uncertain language to the representatives of the press.

"I have taken the step deliberately, and I have no cause to regret it," he declared to a Times-Dispatch man on the day following the announcement, and after he must have heard much of the criticism of his position by his brother lawyers.

Mr. Meredith could not be reached last night, and it is not known whether he will accept Mr. Tucker's challenge. The matter is one of much interest among politicians and public men here, and a reply to the challenge is eagerly awaited.

**Clerk Waddill Away.**

Mr. Samuel P. Waddill, clerk of the Henrico Circuit Court, is away on his vacation. He will not be in his office for several weeks.

**STUCK BY N. & W. TRAIN**

Charles Lucas, near Bedford City, Deceased, was struck and killed by a train.

(Special to The Times-Dispatch.)  
BEDFORD CITY, Va., August 15.—Charles Lucas, a young white man, was struck and killed by a train of the Norfolk and Western Railway at 6:16 this afternoon. The train was bound for Richmond, and was running on the track just ahead of the train near the new overhead bridge, as if he were trying to reach the station.

He was intoxicated and evidently bewildered. The engineer blew his whistle and reversed his engine, but the train was not entirely stopped. Life was taken to the hospital at Roanoke.

**MORE POOR CHILDREN GO TREK TO CLARKE COUNTY**

Superintendent George B. Davis, of the City Home, is arranging for the removal of a number of poor children to Clarke County. The party will consist of fifteen little people, who will be placed in the hands of the county authorities. An extension of the plan is being considered, and it is thought that other wealthy men will come to the aid of the poor old country doctor, who has many of the city's destitute. Up to this time he has borne all the expense himself, and has had children come to him in the summer.

**SOUVENIRS OF BLUES TRIP TO NEW ENGLAND**

Major Brown, of the New Haven Company of the Connecticut Foot Guard, has written to Major Bowles, of the Richmond Light Infantry Blues, asking for a roster of the entire battalion. Major Brown will be distributed as souvenirs of the trip, the names of the Richmond men, together with other facts of interest in connection with the battalion's trip to Connecticut in September.

**Resisted Officer.**

William Henry Jones and Joe Filipp, colored, engaged in a fight yesterday evening at the City Jail. Jones, a street vendor, and Filipp, a porter, were both arrested and charged with resisting an officer.

Street Car Bounced in Air When Bolt Struck it; Tea Store Set on Fire.

COMING closer than any other of the season, a terrific storm yesterday afternoon wrought havoc in several sections of the city, and while lightning struck and damaged a number of places, including two small cars, and injured one or more people, hundreds of pedestrians were half-drowned in a torrent that sent everybody scurrying for shelter. Flashes of lightning shot across the sky, and a steady rain of thunder sounded near at hand to be comfortable. The streets ran small rivers during the time the down-pour lasted, and iron spouts from high roofs roared with water rushing down to the gutters.

**Store Set On Fire.**  
The storm seemed to hang over the center of the city, where most of the damage was done. At the cupola of Pettit & Company's furniture store, at Foushee and Broad Streets, and sent slate roofing scattering all over the sidewalks. Clerks and employees were badly frightened, but no one was hurt, and the damage, except to the cupola, was slight.

Almost at the same time a fork flared down on a wire over the Heroy Tea Company, at Sixth and Clay, with which the stormy body of the store ran out to the street and into the heavy rain, becoming drenched before they could find protection. The cashier was at her desk, and she absconded with the savings, but only temporarily. She burst forth, and the lightning flared struck, and a call was sent in for the fire department, which responded in the midst of the down-pour. The blaze was soon extinguished, but about \$100 damage was done. All the cups were burned and glass pipes and fixtures were ruined. When the store was restored the cashier returned and brought back all the money. The other employees fled in, and tranquility was restored in time for the regular Saturday evening business.

**Bolt Hits Car.**

The office of the Evening Journal was visited, and a bolt smashed the skylight, sending broken glass down through the building. Austin Charity, a negro, was standing below, and a quantity of the flying glass fell upon him, cutting his right arm so badly that he was taken to the hospital. No one else was hurt.

Almost simultaneously a flash, evidently the same, struck a Ninth and Lombardy car, between Sixth and Seventh Streets, on Broad. The car, which was carrying two men, was struck, and a rubber ball, says a spectator, but landed again on the track, where it stood still until other cars came and pushed it up. So far as is known, the car was not damaged, and besides the motorman and conductor, and neither seemed to be hurt.

**Hello Girls Frightened.**

The storm was so terrific and the lightning seemed so close to the city that the Southern Bell Telephone Company suspended cutting for the time being and all the "hello" girls were directed, as a matter of precaution, to stay in their booths until the tempest should have passed. When the crash came, Miss Orlie Chandler, an orphan girl about fifteen years of age, was so terribly frightened that she fell in a faint. Three girls standing by also became terror-stricken. Dr. Lawrence T. Price was summoned to attend them, and when he reached the hospital he found that the girls were not seriously injured. The girls were restored to comparative ease. The building was struck by the lightning, and the suspension of operations was in accordance with the policy of the company to advise all patrons not to use telephones during severe electrical disturbances. The service was resumed immediately after the storm passed.

The rain started just about the time that the fans began to move toward the ball park, and the early visitors were drenched through and through. Other pedestrians were soaked, for the rain came down in sheets. The fury of the storm lasted only about half an hour, and then slowly abated until the sun came out again, until about 6 o'clock, when rain fell heavily again for a time.

A humid atmosphere caused the day to be unusually hot, and the storm came in time to lower the mercury several degrees. The sun was out, and there was an early change in the weather, however, and it is probable that the intense heat will be here for some days to come.

**PROTESTING HER INNOCENCE. MRS. GAYLORD GOES TO JAIL**

Still affirming her innocence, but early and quietly, Mrs. Ethel Gaylord, indicted for the murder of Baby Vaughan at the City Home, submitted yesterday evening to removal to the City Jail. She was accompanied by her infant, who was just one month old yesterday.

She took her fate without question, and without excitement, and stated she knew she would be cleared of the charge when the case came up for trial. She said she was really distressed to her, and every care will be taken of the woman and her baby.

**CITIZENS WILL GREET NEW MAYOR ON RETURN**

It was suggested among the City Hall yesterday that when Mayor-elect D. C. Richardson returns from his vacation on the coast, he will be met by a large number of citizens. The suggestion was made by a group of officials and citizens to turn out en masse and meet him at the station. No definite action has been taken, but reference to the matter, but the suggestion has met with favor.

Judge Richardson has been absent for some time attending the session of the national order of Pythians in Massachusetts, and when he returns he will be met by a large number of citizens. He will assume the duties of the office of Mayor on September 1st.
